**SUMMARY** Creative Developer with a background in art leveraging JavaScript to build responsive websites and interactive features that drive business growth and improve UX. Effective at combining creativity and problem solving to develop user-friendly applications. My skills as an art educator help me excel at identifying patterns & concepts, simplify complex concepts, and I am good at facilitating creative & critical thinking.

Experience in developing web pages using HTML/HTML5, CSS/CSS3, JavaScript, ReactJS, jQuery, JSON, Node.js, Bootstrap.

Experienced in MERN stack development Mongo dB, Express, Node, and React.

Experienced in working with Node.JS and npm modules like http-server, inquirer, path, MongoDB, Request, Express.

Experience with front-end development with back-end system integration.

Extensive use of Git including version control, branching, merging/rebasing, pull requests and pushing code.

## EXPERIENCE

### PROJECTS

#### threeSixtySessions – Freelance | Nov 2021 - present

Part of a 2-person remote team creating a custom SEO-friendly web application using ReactJS for an Atlanta-based music producer.

Communicate with the client to understand the requirement of the website, gained experience in project planning and conceptualization.

Developed reusable UI components using ReactJS and Bootstrap.

Wrote external CSS files for responsive design, included media queries to handle various devices.

Created animations using CSS.

Developed the application logos and images by using Adobe Photoshop and Illustrator.

Creating & implementing audio player for UX audio sampling with WavesurferJS and React.

Version control, branch development and continuous delivery & integration via GitHub

**Tech:** ReactJS, Node, JavaScript, Wavesurfer.js, Bootstrap, CSS

#### One Stop Print Shop – Sep 2021 [GitHub](#) | [Deployed](#)

Full stack E-Commerce MERN Application w/GraphQL API. Worked remotely with a team of 4 from ideation to deployment.

**Role:** Developed frontend for the entire website. Created UI components with React. Created Global State using React Context API, Implemented a persistent shopping cart, implemented Stripe API for product payment. Developed responsive interface using Bootstrap and CSS. Deployed application using Heroku.

• Tech: Mongo DB, Express, ReactJS, Node, JS, JWT, GraphQL, Stripe API, Context API, CSS, Bootstrap

#### State of the Art - Aug 2021 [GitHub](#) | [Deployed](#)

Full stack Application designed to allow users to add, search, and edit locations of artwork.

**Role:** Responsible for UI design, Created log-in functionality, Building & seeding dataset. Created style sheets w/ CSS & Bootstrap. Created HandlebarsJS templates for Views. Involved in conceptualization of MVC.

• Tech: MySQL, JavaScript, Sequelize, HandlebarsJS, Node, Bootstrap, Express, CSS, bcrypt

#### Brewed Force – July 2021 [GitHub](#) | [Deployed](#)

Website designed to unite the beer minded traveler with new breweries and beers in new cities. By entering a city into the search feature, the user will be met with a list of breweries in that city using the Open Brewery API & Punk API.

**Role:** Developed the UI pages using HTML, CSS, JavaScript, JSON, jQuery, and Ajax. Implemented Client-side storage using JSON.

• Tech: JavaScript, HTML, CSS, Material Design Lite, Open Brewery API, Punk API

#### Museum Educator | Kimbell Art Museum | 2019 – June 2020

Work collaboratively with fellow museum educators to create and present interactive gallery & studio art programs using the elements & principles of art. Modeled critical & creative thinking to connect audiences to works of art within the permanent collection. Researched artworks within collection to keep lessons within cultural & historical context.

### **Yoga/Meditation Instructor | Mindful Pose | 2012 – January 2020**

Teaching hatha yoga, mindful flow, yoga nidra and mindfulness meditation classes in various setting. Providing a safe, compassionate & supportive environment for all levels of practitioners. After YogaTeacherTraining, I participated in a 6-month yoga teacher mentorship in NYC to further hone teaching skills, since then I have been teaching in various locations: - weekly lunch-hour & afterwork corporate classes - community center weekly classes - private in-home sessions

### **Art History Professor | Southern New Hampshire University | 2013 – 2015**

Taught Modern Art, Art History and Art Appreciation courses in an online environment, engaging students through discussion board and article reflections, & journals.

### **Visual Thinking Strategies Internship | Boston MFA | 2012**

Observed teachers in the classroom to facilitate discussions of visual art to increase student engagement, performance, and enjoyment of learning. Scored, transcribed essays for database for research of teaching critical thinking skills in a classroom setting.

### **Coordinator | Hope Cottage | 2010 – 2011**

Designed a state-wide marketing campaign for non-profit, mobile media ad. Created & implemented Client Management Database Access for reporting. Developed, wrote, and edited database manual for staff.
